REBOOT+

reset your gut-brain axis
with this 3-day system*

A synergistic blend of natural cleansing herbs and phytonutrients to assist the body's own detoxification process - specifically formulated to reboot your gut-brain axis in 3-days.*

Your body processes an immense amount of information every day. Hundreds of thousands of neurotransmitters are constantly emitting millions of internal messages and signals between your gut and brain. Conversely, your brain and gut are also continually exposed to chemicals, pathogens and oxidative stress that can impact how effectively you process these internal messages. These external influencers can add a tremendous load to your gut-brain communication pathways and cause it to become sluggish.

Occasionally, it is essential to "reboot" our body – particularly our gut and endocrine organs – in order to improve the formation of neurotransmitters and the communication along the gut-brain axis.

Amare's **Reboot+** is the first and only 3-day "scientific reboot" program designed to reset your gut-brain axis. It sets a healthy, clean foundation for your microbiome so you can obtain optimal results with the world's first award-winning gut-brain axis nutrition system - the **Amare FundaMentals Pack**.

Reboot+ is formulated with patented and plant-based ingredients to support the natural cleansing and filtering of your colon, kidneys and liver. When combined with our recommended meal plan, your body will be rebooted and ready for optimal functionality in 3 days!*

Begin by resetting your system with **Reboot+** and follow up with the **Amare FundaMentals Pack** for exceptional overall wellness.*

- 1 Prepares the body's gut microbiome for optimized mental wellness*
- 2 Provides a natural cleanse and supports a healthy digestive system*
- 3 Helps to remove built-up waste and toxins from the body*
- 4 Supports natural cleansing and filtering functions of the liver, kidneys, and colon*
- 5 Partners with and optimizes the body's natural detoxification process*

The SCIENCE of Amare GBX Burn™

Burn Brightly with GBX Burn

How It Works

Our proprietary GBX Burn formula combines scientifically-validated Grains of Paradise, Glomerata Fruit, Carrot Pomace and BCAAs that synergize together to accelerate the burning of fat before it's stored in your body.*†

Grains of Paradise – an ancient, edible spice that is part of the ginger family that increases calorie burning.*†

Glomerata Fruit – a powerful superfood that helps enhance metabolic wellness and helps you naturally expend more energy.*

Carrot Pomace – plant-derived and made from upcycled carrots, Carrot Pomace helps support gut integrity and gut health through promoting diversity in your gut microbiome.*

BCAAs 2:1:1 - amino acids that have been shown to enhance muscle protein synthesis, increase energy and reduce fatigue during exercise.*

MOOD+

all-natural
mood support*

The key ingredients in Mood+ have multiple scientific studies that show significant benefits for mood support such as relief from anxious feelings, sadness, restlessness, and overall stress relief.*

- 1 Enhances feelings of well-being and supports a healthy, positive mood*
- 2 Promotes a calming, relaxing state of mind*
- 3 Reduces feelings of negativity and stress*
- 4 Lessens occasional anxiousness and feelings of sadness*
- 5 Increases motivation and drive*
- 6 Supports natural serotonin & dopamine production for enhanced mood benefits*

Going through life feeling anxious, sad, tense or just "off" can be emotionally and physically exhausting. Most of the products that claim to solve these problems tend to only address the symptoms of the issue and leave you feeling numb, dazed, or completely "out of it".

Mood+ is an advanced, all-natural mood support product that addresses feelings of anxiousness, sadness, and restlessness. This product contains both Mood Elevating and Tension Reducing Proprietary Blends that are formulated with patented, plant-based ingredients to help reduce occasional feelings of depression, anxiety, tension, nervousness, and sleeplessness.*

Mood+ contains multiple patented ingredients with over 20 scientific studies. Amongst these studies, each key ingredient has been shown to enhance or improve mood and cognitive functions. This state-of-the-art formulation is unlike any other product, and the best part is that the ingredients are all-natural.*

Get yourself back to feeling joyful and motivated with Amare's all-natural product – Mood+, because it's more than just your ordinary mood product, it's a revolutionary combination of powerful and clinically validated natural ingredients.*

SLEEP+

rejuvenating, refreshing,
restful sleep*

FALL ASLEEP
FASTER*

STAY ASLEEP
LONGER*

IMPROVES
SLEEP
QUALITY*

The key ingredients in Sleep+ have multiple scientific studies that show significant benefits including helping you to fall asleep faster, stay asleep longer, and experience higher quality plus more rejuvenating sleep.*

- 1 Relieves occasional sleeplessness*
- 2 Provides a soothing and refreshing night's sleep, without morning grogginess*
- 3 Improves quality of sleep and ease of falling asleep*
- 4 Encourages restful sleep, calms the nervous system, and helps reduce stress*
- 5 Decreases the number of nighttime awakenings and sleepless nights*

Through the years, science has made it clear just how important sleep is to our mental and physical health, as well as our overall well-being. Between 50 to 70 million adults in the United States have problems with quality and/or quantity of sleep.*

The supplement that people typically turn to is melatonin, which is not an effective solution for increasing sleep quality. The majority of melatonin supplements on the market are synthetic, and may help you to fall asleep quickly, but often leave you feeling groggy and sluggish the next day. This happens due to the fact that you are not able to properly cycle through REM sleep or deep sleep.

We've created a more effective way of experiencing better quality sleep. Amare's Sleep+ is a revolutionary new product that features a natural and unique patented ingredient derived from non-GMO corn that encourages your body's own natural production of melatonin. This ingredient has been clinically shown to improve quality of sleep by helping you fall asleep faster, stay asleep longer, and spend more time in REM sleep (for brain rejuvenation) and deep sleep (for body rejuvenation).

Sleep+ contains *Griffonia simplicifolia* seed extract, which includes an active ingredient called 5-Hydroxytryptophan (5-HTP). 5-HTP has been scientifically shown to promote a positive effect on sleep and mood, while also decreasing the time required to fall asleep and reduces the number of nighttime awakenings.*

Sleep+ will leave you feeling more refreshed and revitalized, so you can go about your day happier and healthier.*

Item Code:

Sleep+

S008

WHAT IS THIS LABEL PATTERN?

MELATONIN

A naturally occurring hormone that is produced in the body that regulates sleep and wakefulness.
